HONORING THE MARTINEZ SPORTSMEN'S CLUB

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2022

Mr. THOMPSON of California. Madam Speaker, I rise today to honor the Martinez Sportsmen's Club, one of the oldest sportsmen's clubs in California.

Founded in 1920, the club was originally known as the Martinez Bass Club and housed in an old ferry in the Martinez Marina. Its goal was to allow nearby residents the opportunity to meet and share their recently caught fish. The club adopted its current name in the 1930s and moved to its current location on the Embarcadero in 56.

The Martinez Sportsmen's Club consists of around 130 members, and many of them are long-time Martinez residents who have family ties to the club's early years. Previously, women were automatically given membership upon the death of their husbands. Now, the club is open to all individuals who hope to further the Club's mission of strengthening the local community.

In past years, the club has provided scholarships to local high school students, offered an

indoor rifle range, and served as a gathering place where everyone from sheriffs, judges and congressmen to local business owners and fishermen can come together. It is currently led by President Robert Hatch, Vice President Lou Rossi and Secretary/Treasurer Linda Cunha.

Madam Speaker, the Martinez Sportsmen's Club has been an instrumental institution in our community for over a century. Therefore, it is fitting and proper that we honor it and its members here today.

RECOGNIZING DR. DENIS ROD FOR HIS LIFE OF SERVICE TO THE MIAMI COMMUNITY

HON. CARLOS A. GIMENEZ

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2022

Mr. GIMENEZ. Madam Speaker, I rise today to honor Dr. Denis Rod for 30 years of committed community service. A 47-year resident of the City of Miami, Dr. Rod has dedicated his adult life to serving the people of Miami.

Dr. Rod has served the Miami community in countless ways, beginning with his leadership of Miami Dade College's Amigos Club, an organization that helped international students get acclimatized to the Miami area. For 6 years Dr. Rod worked for Habitat for Humanity in Homestead and Overtown. He has served on several boards, both public and private, including the City of Miami Planning Advisory Board (as co-chair), the Miami-Dade County International Trade Consortium, and the board of CareerSource South Florida. Dr. Rod has donated bicycles for charity and actively participates in both the Latin Chamber of Commerce Holiday Food Distribution program and the St. Vincent de Paul Catholic Charity. He is a certified "Citizen on Patrol" and active in his area.

I am not alone in extending a tribute to Dr. Rod, who has received many recognitions during his career. The cities of Miami, Hialeah, Sweetwater, West Miami, South Miami, and Miami Beach, as well as Miami-Dade County, have presented Proclamations to Dr. Rod. Dr. Rod has also received the Southern Command Citizens Medal and a State of Florida Tribute from then-President of the Florida House of Representatives MARCO RUBIO. It is not an exaggeration to state that wholehearted service has characterized Dr. Rod's entire life. On behalf of all the Miamians his life has touched, I thank Dr. Rod for serving our community so well.

RECOGNIZING THE 85TH ANNIVERSARY OF THE SEYMOUR PLANETARIUM

HON. RICHARD E. NEAL

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2022

Mr. NEAL. Madam Speaker, I would like to take this opportunity to extend my warmest congratulations to Springfield Museums and the Seymour Planetarium on celebrating the Planetarium's 85th anniversary. This milestone achievement deserves the highest praise for

the hard work and dedication of the organization's board, staff, and everyone who has contributed to the Planetarium's success.

The doors of the Seymour Planetarium first opened in 1937. Founded by Chicopee brothers Frank, John and Stanley Korkosz, the Planetarium was created to educate and inspire, just as Frank Korkosz was inspired by the 1910 appearance of Halley's Comet, later building a rudimentary comet projector with a dynamite box and carbide lamp. Through their work, they have brought a new perspective of our universe to countless families and individuals.

Over the course of 85 years, the Planetarium has inspired generations of visitors. John Korkosz stressed the importance of curiosity and exploring the universe to better understand life on Earth. Through the creation of the Korkosz starball—the world's oldest operating, American-made star projector—he and his brothers have sparked that curiosity in countless others. The past few years, in particular, have highlighted the need for looking forward and inspiring the next generation of scientists and engineers.

Madam Speaker, I would like to congratulate Springfield Museums and the Seymour Planetarium again on celebrating the Planetarium's 85th anniversary and thank them for continuing to educate and inspire our communities. The Planetarium is a cherished landmark of Massachusetts' First District, and I wish them many more years of success and prosperity.
